

Gigachad recently moved out of his moms house

He doesn't know which local parks are safe for his dog and is unsure of which one to go to

He sees an ad on snapchat for a new app WhatTheDogDoIn? It gives him park recommendations for his local area.

After reading the reviews on dog parks in the local area he decides to take his dog on a car ride to the highest rated park

He has a wonderful time with his dog and other dogs at the park. Its a beautiful park so he rates it 5 stars so others know.
